

Dot Compliance at a Glance

Who are we?

Dot Compliance is the first ready to use, AI-powered eQMS for life sciences. Packed with generative AI capabilities, Dot Compliance's eQMS enables medical device manufacturers, biotechnology, and pharmaceutical companies to deliver products to market quickly and cost-effectively.

Powered by the Salesforce.com platform and coupled with extensive knowledge of quality and compliance processes, we remove all barriers that make managing and implementing eQMS complicated.

-  Truly ready to use solutions - eliminating the need for costly and lengthy eQMS deployments
-  The first eQMS platform with generative and predictive AI capabilities
-  Go-live in days
-  One stop shop, offering unmatched process coverage and software that grows with you and your business needs
-  Zero maintenance and R&D cost
-  Validation package included

Our Products

QMS Xpress

Set your eQMS foundation with a comprehensive set of ready to use core quality processes.

Compliance Xpand

Build upon core eQMS, expanding into other manufacturing quality and compliance specialty areas.

Enterprise Xact

Tailored eQMS, with customized and configured quality and compliance processes based on your unique requirements.

AI-Powered and Ready to Use Quality and Compliance

Dot Compliance is trusted by many life sciences companies worldwide. Our solutions are fully compliant with 21 CFR part 11, EU-Annex 11 and support ISO 9001, 13485, 14971 and 27001.

Dot Compliance's AI-powered and ready to use solutions allow life sciences organizations to manage processes such as Controlled Documents, Training Management, CAPA, Customer Complaints, Supplier Quality, Audits, Risk Management, Equipment, and more.
